

Form B

Proposal Format

1.	Title of the research proposal	
2.	Summary of the proposed research A Simple concise statement about the investigation, its conduct and the anticipated results in no more than 200 words	
3.	Objectives A brief definition of the objectives and their scientific, technical and techno-economic importance.	
4.	Major Scientific fields of Interest A brief history and basis for the proposal and a demonstration of the need for such an investigation preferably with reference to the possible application of the results to ISRO's activities. A reference should also be made to the latest work being carried out in the field and the present state-of-art of the subject.	

5.	<p>Linkages to Space Programme/</p> <p>Deliverables to ISRO on successful completion of the project</p>	
6.	<p>Approach</p> <p>6.1 Back ground / Introduction</p> <p>6.2 State of the art</p> <p>6.3 Detailed algorithm/Methodology along with concepts</p> <p>6.4 Expected outcome</p> <p>A clear description of the concepts to be used in the investigation should be given.</p> <p>Details of the method and procedures for carrying out the investigation with necessary instrumentation and expected time schedules should be included.</p> <p>All supporting studies necessary for the investigation should be identified.</p> <p>The necessary information of any collaborative arrangement, if existing with other investigators for such studies, should be</p>	

	<p>furnished.</p> <p>The principal Investigator is expected to have worked out his collaborative arrangement himself. For the development of balloon, rocket and satellite-borne payloads it will be necessary to provide relevant details of their design.</p> <p>ISRO should also be informed whether the Institution has adequate facilities for such payload development or will be dependent on ISRO or some other Institution for this purpose.</p>																																		
7.	<p>Data base and analysis</p> <p>A brief description of the data base and analysis plan should be included. If any assistance is required from ISRO for data analysis purposes, it should be indicated clearly.</p>																																		
8.	<p>Available Institutional facilities</p> <p>Facilities such as equipments, etc, available at the parent Institution for the proposed investigation should be listed.</p>																																		
9.	<p>Fund Requirement Detailed year wise break-up for the Project budget should be given as follows:</p>
